**Presidents Column** 

Greetings to all,

Well here I am pondering over my first column. A daunting task following Peter's fine messages. A big thank you for the honour of the nomination and confidence that I can live up to the task of heading the club into a productive and convivial 2012/13.

Welcome to your new committee, though most are familiar faces. The committee is here to guide the club to the best advantage of the members. If anyone has any suggestions or complaints please feel free to approach me or any member of the committee.

Firstly, thank you to everyone who generously spent the full day last Monday at the club working on the new doors for the Maleny Community Centre, they are going to be something special and a credit to the skills of our participating members.

Secondly, a special thanks to Gill Blowers, Ardyn Morton and Elizabeth Vandernerff who have offered to take on the unglamorous but necessary task of cleaning the toilets. I'm sure the ladies will appreciate every ones assistance in keeping them tidy.

Now for news of forthcoming classes. Ivan Yaksich will be running his wood turning classes over a period of 6 weeks. Warne Wilson will be running courses in the correct use of the router as well as a course in making the 6 basic joints required for most woodworking projects. Names on the board please. When Lionel Tilley returns from holiday we will hopefully be able to organise more demos and courses. Please let us know if there is a particular course you would like us to run and we'll do our best to oblige if we can find someone to run it and enough people are interested. Also if anyone has a talent you would be willing to share with fellow members please let us know We now have a new first aid officer who will be maintaining our first aid kit and conducting courses throughout the year in CPR and bandaging etc.

Don't forget our Christmas Expo is only 3 months away on Dec 1st and 2nd. By popular consensus we will be keeping the hall open until approx. 8pm on the Saturday night for the switching on of the Christmas lights. The MVA estimates that approx. 200 children and parents will be there so maybe wooden toys could be a good seller for last minute gifts. Another date claimer to mark on the calendar is our club Christmas party to be held at the shed on Dec 15th.

Finally, if you know of any of our members or their partners who are unwell could you please let Dave Bannister know so a card can be sent to let them know that the club members are thinking of them.

Keep the woodpile lower and the shavings higher.

Happy woodworking

# Frank McDonald

ps Annual club subscriptions are now well overdue.

Our thoughts are with our absent Woodies – may you soon be back with us creating sawdust.

The upgraded Maleny Community Centre will feature an impressive set of entrance doors that reflect the timber industry origins of the region. The massive set of four doors will be 3.6m high and 4m wide. Designed and made by our members, the entrance will feature a row of trees in close-up with interlocking branches. The doors will be made from Red Cedar panels in New Guinea Rosewood frames. All day working bee's and ongoing work by the Carving Group will see the entrance doors finished and installed at the beginning of December. The next all day working bee will be Monday 17th from 0830.

Contact Roger Loughnan Real Estate for the largest range of exclusively listed properties on the Blackall Range from \$100,000 - \$2,000,000. Actively supporting our community

Restaurant, Bar, Events ... Tranquil elegance in an area of natural beauty... Whatever your plans, whether it be a relaxed affresso lunch on the terrace, a delightid hight is on the veranda, a fine whice in the bar or enjoying quality food using local produce in our Vineyard Restaurant, Flaxton Gardens awaits vour custom.

Views forever ... moments of a lifetime Flaxton Gardens is also an ideal venue for your next Sunshine Coast celebration or Sunshine Coast wedding with scatting for up to 160 guests in The Winery. By day the views seem endless and by starlight it captures the coastline perfectly ideal for wedding photography.

We look forward to welcoming you Alan and Georgina Thompson.

# Maintenance Report from Brian Harris September 2012

- 21/7 ½ inch Band Saw Update the lower alumin ium wheel has been welded as not one but two of the spokes were fractured The opportunity was also taken to fit new bearings. All is now running as it should.
- 24/7 Trade Tools Trimmer One of our trimmers ran intermittently because of a broken wire in the lead. This has been repaired and also the switch has been rewired to correct the electrical polarity.
- 12/8 Live centre for Lathe Faulty bearing replaced with new one.
- 25/8 Trimmer Faulty switch cleaned of sawdust.
- 29/8 Small Drill Press On/off switch removed and repaired also cleaned of sawdust.
- 1/9 20" Thicknesser Blades removed and re placed with resharpened ones.

Jet Dust Filter - Unit removed to investigate electrical problem, the Motor was found to be burnt out....this is away being repaired.

12/9 Drum Sander - Still causing problems as the platen belt refuses to run true and continues to creep towards the right. The rubber driving shaft is worn and is to be replaced with the new steel knurled shaft.

# YOU PAY MOST FOR SAFETY WHEN YOU TRY TO DO WITHOUT IT

# Bandsaws

Be careful when bandsawing those little freeform boxes. A member was cutting the back from one of the popular little freeform boxes on #3 bandsaw , when the blade caught, causing a loud bang and ejecting the piece of wood. Luckily there was no injury, except to the 12mm blade which was kinked and though it was straightened, it did not last long before it snapped. Please be aware of the real possibility of an accident if an unsupported piece of irregular shaped wood is presented to a moving band saw blade. (Or to any moving blade for that matter!) Ask your shed captain or a safety officer if you are in doubt.

### Housekeeping.

Our bench top space is limited and members need it for their projects on different days of the week. When you are cleaning up at the end of a morning, please clear the benchtop you have been working on and store or dispose of offcuts. There will be exceptions of course, but most work in progress can be stored off the bench tops. Be on the lookout for offcuts and other items such as wood or tools or leads left lying about on the floor which can become tripping hazards.

#### Timber storage racks.

The timber storage racks at the rear of the shed have been designed for milled timber to be presented "On the flat" at an angle which facilitates easy selection. When you have finished looking, PLEASE return the timber to flat storage - do not leave the racks with an untitdy mess of boards left on edge and at odd angles. This is a recurring problem for the timber committee members who work hard to keep our timber racks full and neat.

Dave Banister and Warne Wilson, Safety officers.

Need a new Pfeil 2-20 Carvers Chisel?

Laurie Smith has a new unopened chisel purchased from Carbatec with the 10% Club discount for \$33. The Long Apron were proud winners of Regional Restaurant of the Year and awarded 2 Chefs hats

Congratulations

To the team at Spicers Clovelly Estate for their 2 wins at the

Queensland Good Food Guide 2012 Awards

Isn't it amazing what you find inside a tree!

While slabbing this innocent looking tree last weekend, the chainsaw made that awful 'contact with metal' noise and look what showed up.....not once but twice.

A cluster of of 75mm nails in one spot and a little futher down another cluster.

It shows the importance of using the metal detector when cutting any type of tree.

How is it one careless match can start a forest fire, but it takes a whole box to start a campfire?

Women will never be equal to men until they can walk down the street with a bald head and a beer gut, and still think they are sexy.

The rates for use of the Holland Slabbing Bandsaw for personal slabbing have been set at:-

Flagfall	\$5.00				
Cutting	\$2.00 / metre				
Any damage to the blade hitting metal in your					
wood will be charged to you at cost price.					

For non members a 20% surcharge will apply
